To

S. RAMASWAMAIYA, Esqr., BA., BL.,
Secretary to the Government of His
Highness the Maharaja of Mysore Rev.
Department, BANGALORE.

Sir

I have the honor to state that owing to the alarming increase of Influenza cases in the City in Octob 1918 special arrangements as already reported had to be made for converting the new block of huts near the Epidemic Diseases Hospital in Magadi Road into wards for accommodating Influenza and Pneumonia patients and contacts. The place being somewhat distant from the road side Electric lights were urgently required. Consequently the Superintendent, Bangalore Power and Lighting was requested to install a few lights in the area concerned. All charges incurred for Influenza relief works were borne by Government and the accoun relating thereto so far as the vouchers were received were closed and a report thereon was submitted to Government in this Office No. X/97 dated 15th January 1919. Such of the hills as were received subsequently were returned to the paid by Government thro' the Comptroller. The Superintendent Power and Lighting did not send his bill in time for Rs.791-4-8 being the value of materials and labor charges incurred for installing compound lights at the said Influenza Camp. The bill was therefore returned to him requesting him to have it forwarded to the Comptroller for necessary adjustment. The Comptroller in
